Structure of the key stage 1 mathematics test

The key stage 1 mathematics test is administered on paper and comprises:

- Paper 1: arithmetic (25 marks)
- Paper 2: reasoning (35 marks)

Each paper includes material drawn from the statutory section of the key stage 1 national curriculum (2014). Details of content references can be found at

- www.mathsmadeeasy.co.uk/maths-year-1.htm

and

- www.mathsmadeeasy.co.uk/maths-year-2.htm

Aural Questions

Refer to administration paper (P2) for details of how to run the test.

Practice question	Look at the ladybird. How many spots does the ladybird have altogether?
Question 1	Henry has four oranges He paid forty pence for the oranges. How much did each orange cost? Write your answer in the box.
Question 2	I am counting down (or backwards). When I stop counting, tick the next number I should say: ninety-three, ninety-two, ninety-one, ninety, ...
Question 3	There are <u>sixty-five</u> pieces in a jigsaw box Poppy took <u>six</u> pieces out of the box. How many pieces are left in the box? Write your answer in the box.
Question 4	Look at the array of circles. Now look at the four calculations.[Pause] Tick the calculation that describes the array. [Pause]
Question 5	Look at the pirate counter. Henry moves the pirate to some treasure. He moves the pirate <u>three</u> squares forward.[Pause] He then turns the pirate a <u>quarter of a turn anti clockwise</u> and moves it forward <u>two</u> squares. [Pause] Circle the treasure the pirate lands on.
