

Fractions, Decimals & Percentages

Please write clearly in block capitals

Forename:

Surname:

Materials

For this paper you must have:

- mathematical instruments

You must **not** use a calculator.

Instructions

- Use black ink or black ball-point pen. Draw diagrams in pencil.
- Fill in the boxes at the top of this page.
- Answer all questions.
- You must answer the questions in the spaces provided. Do not write outside the box around each page or on blank pages.
- Do all rough work in this book. Cross through any work you do not want to be marked.

Information

- The marks for questions are shown in brackets.
- You may ask for graph paper, tracing paper and more answer paper. These must be tagged securely to this answer book.

Advice

- In all calculations, show clearly how you work out your answer.

1 Which is greater: (Level 3)

1(a) $\frac{7}{25}$ or 0.3

[1 mark]

Answer _____

1(b) $\frac{2}{3}$ or 60%

[1 mark]

Answer _____

2 Express the following as fractions in their simplest form: (Level 3)

2(a) 0.58

[2 marks]

Answer _____

2(b) 0.256

[2 marks]

Answer _____
